If the fees of such office collected in any year be more than the amount needed to pay the amounts above specified; same shall be deemed excess fees; and in counties in which the population is less than thirty-seven thousand five hundred (37,500) inhabitants, such officer shall retain one-fourth of such excess fees in addition to the amount specified in Article 3883, until such one-fourth amounts to Five Hundred (\$500.00) Dollars; and in counties in which the population is as much as thirty-seven thousand five hundred (37,500) inhabitants and is less than seventy-five thousand and one (75,001) inhabitants, such officer shall retain one-fourth of such excess fees until such one-fourth amounts to One Thousand (\$1,000.00) Dollars; and in counties in which the population exceeds seventy-five thousand (75,000) inhabitants and is less than one hundred fifty thousand and one (150,001) inhabitants, such officer shall retain one-fourth of such excess fees until such one-fourth amounts to fifteen hundred (\$1500.00) dollars; and in counties in which the population exceeds one hundred fifty thousand (150,000) inhabitants, such officer shall retain one-fourth of all excess fees until the same amounts to two thousand (\$2000.00) dollars; provided, that no justice of the peace or constable in any county in this State shall be entitled to retain in excess of the sum of three thousand (\$3000.00) dollars, and that no other officer mentioned herein shall be entitled to retain more than five thousand (\$5000.00) dollars.

All current fees earned and collected by officers named in Article 3883 during any fiscal year in excess of the maximum and excess allowed by this Act for their services and for the services of their deputies or assistants and authorized expenses, together with all delinquent fees collected and not used as provided in Article 3892, or used to pay salaries of deputies and assistants when current fees are insufficient, shall be paid into the county treasury of the county where the excess accrued.

Article 3902. Whenever the county judge, sheriff, county clerk, county attorney, district attorney or criminal district attorney, district clerk, tax collector, justice of the peace or constable shall require the services of deputies or assistants in the performance of his duties, he shall apply to the county commissioners court of his county for

authority to appoint such deputies or assistants, setting out by sworn application the number needed, the position sought to be filled and the amount to be paid. Said application shall be accompanied by a statement showing the probable receipts and disbursements of the office; and said court may make its order authorizing the appointment of such deputies or assistants and fix the compensation to be paid them and determine the number to be appointed; provided, that in no case shall the commissioners court or any member thereof attempt to influence the appointment of any person as deputy or assistant in any office. Upon the entry of such order, the officers applying for such deputies shall be authorized to appoint them as provided by law; provided, that said compensation shall not exceed the maximum amount hereinafter set out. In counties having a population in excess of one hundred thousand (100,000) inhabitants, the district attorney in the county of his residence, or the county attorney where there is not a district attorney, shall be allowed by order of the commissioners court of the county where such officer resides, such amount as said court may deem necessary to pay for the proper administration of the duties of such office, not to exceed seventy-five (\$75.00) dollars per month; such amount to be allowed on the affidavit of said district or county attorney showing a necessity for such expense and for all amounts so incurred. Said commissioners court may also require any other evidence as it may deem necessary to show the necessity of such expenditure, and its judgment in allowing same shall be final.

The maximum compensation which may be allowed for deputies to the officers above named for their services shall be as follows:

In counties having a population of less than twenty-five thousand (25,000): first assistant or chief deputy, not to exceed Eighteen Hundred (\$1800.00) Dollars per annum; other assistants or deputies, not to exceed Fifteen Hundred (\$1500.00) Dollars per annum each.

In counties containing a population of more than twenty-five thousand (25,000) and less than thirty-seven thousand five hundred

and one (37,501): first assistant or chief deputy, not to exceed Two Thousand One Hundred (\$2100.00) Dollars per annum; other assistants or deputies not to exceed Eighteen Hundred (\$1800.00) Dollars per annum each.

In counties containing a population of more than thirty-seven thousand five hundred (37,500) and less than seventy-five thousand and one (75,001): first assistant or chief deputy, not to exceed Two Thousand Four Hundred (\$2400.00) Dollars; other assistants or deputies not to exceed Two Thousand One Hundred (\$2100.00) Dollars per annum each.

In counties containing a population of more than seventy-five thousand (75,000) and less than one hundred fifty thousand (150,000): first assistant or chief deputy, not to exceed Three Thousand (\$3000.00) Dollars per annum; other assistants or deputies not to exceed Two Thousand Five Hundred (\$2500.00) Dollars per annum each.

In counties containing more than one hundred and fifty thousand (150,000): first assistant or chief deputy, not to exceed Three Thousand Five Hundred (\$3500.00) Dollars per annum; other assistants or deputies not to exceed Three Thousand (\$3000.00) Dollars per annum each.

Heads of departments may be allowed by the court, when in their judgment such allowance is justified, the sum of Two Hundred (\$200.00) Dollars per annum in addition to the amount hereinbefore authorized, when such heads of departments sought to be appointed shall have previously served the county for not less than two continuous years; provided, that no head of a department shall be created except where the person sought to be appointed is to be in actual charge thereof, with deputies or assistants under his supervision, or a department approved by the court and only in offices capable of a bona fide subdivision into departments.

The county commissioners court in each order granting authority to appoint deputies or assistants shall state the number of deputies authorized and the amount of compensation to be allowed each deputy or assistant, which compensation shall be paid out of the fees of the

office to which such deputies or assistants may be appointed and assigned, and the compensation so paid shall not be included in estimating the maximum fees of the officers named above. The salaries referred to shall not be paid by the county, but are to be paid out of the fees of the office in the following manner: first, out of any current fees collected; second, if such fees are not sufficient, then out of any delinquent fees collected which are due the county after all legal deductions are made, and if there be any balance remaining after payment of the maximum fee and excess fees due such officer or officers and the compensation of such deputies or assistants, such balance shall be paid to the county treasurer.

All laws and parts of law, general or special, relating to the compensation of deputies and assistants or relating to expense accounts of the officers named herein or their deputies or assistants, are hereby expressly repealed, it being intended that this Act shall apply to the salaries of deputies and assistants of each of the officers named herein in each and every county of this State.

Sec. 4. Article 3883a, Article 3886, Article 3887, Revised Civil Statutes, 1925, Chapter 174, Special Laws passed by the Regular Session of the Forty-second Legislature, Chapter 34, Acts of the Second Called Session of the Forty-second Legislature, Chapter 97, Acts of the First Called Session of the Forty-first Legislature, Chapter 12, Acts of the Regular Session of the Forty-first Legislature, Chapter 146, Special Laws passed by the Regular Session of the Forty-second Legislature, Chapter 55, Acts of the Second Called Session of the Forty-first Legislature, Chapter 272, Acts of the Regular Session of the Fortieth Legislature, Chapter 58, Acts of the Second Called Session of the Forty-first Legislature, Chapter 271, Acts of the Regular Session of the Fortieth Legislature, Chapter 336, Acts of the Regular Session of the Forty-second Legislature, Chapter 330, Acts of the Regular Session of the Forty-second Legislature, together with all other general and special laws fixing or attempting to fix the compensation of officers enumerated herein, or the salaries or number of deputies or

assistants, are hereby in all things repealed.

Sec. 5. This Act shall become effective from and after its passage and the fees which each officer herein mentioned is entitled to retain for the fiscal year shall be ascertained on a pro rata basis for the year 1933, taking into consideration the number of months which the officer performs his duty under Article 3883 and 3891 before their amendment by this Act.

Sec. 6. The present economic conditions, together with the large amount of fees allowed to be retained by certain county officers, together with a desirability of having a general fee bill applying to all officers named herein in each and every county in this State, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be and the same is hereby suspended.

FELLBAUM,
REDDITT.

Amend H. B. No. 150, by striking out all after the enacting clause and by inserting in lieu thereof the following:

Section 1. That Article 2218, Title 41, Chapter 9, Revised Civil Statutes, 1925, be and the same is hereby amended so as to hereafter read as follows:

Article 2218. Judgments for the foreclosure of mortgages and other liens shall be that the plaintiff recover his debt, damages and costs, with a foreclosure of the plaintiff's lien on the property subject thereto, and, except in judgments against executors, administrators and guardians, that an order of sale shall issue to the sheriff or any constable of the county where such property may be, directing him to seize and

sell the same as under execution, in satisfaction of the judgment; and, if the property cannot be found, or if the proceeds of such sale be insufficient to satisfy the judgment, then to make the money, or any balance thereof remaining unpaid, out of any other property of the defendant, as in case of ordinary executions; providing that if the property be real property and if the proceeds of such sale be insufficient to satisfy the judgment, and providing that if the mortgagee or lien holder has elected to foreclose his mortgage or lien to satisfy his debt, or if the property be real property, and if sold under deed of trust or other contract and the proceeds of such sale be insufficient to satisfy the debt, and the mortgagee or lien holder shall thereafter bring suit against the maker of the debt or any person who has assumed the payment thereof, or who is obligated thereon, or if a deficiency judgment exists after sale under execution or order of sale, the defendant or defendants in such suit may plead as a defense or partial defense to such suit or against such deficiency judgment that said property at such foreclosure was sold for less than its actual value at the time and place of such sale; and may by proper pleading and evidence show the actual value of such property at the time and place of such foreclosure sale; and if such actual value be shown to be more than the amount for which such property was sold at such foreclosure, the defendant or defendants shall be entitled to a credit upon such deficiency indebtedness of the difference between the amount of such foreclosure price and the actual value of such property at the time and place of such foreclosure sale.

Sec. 2. The fact that many honest, hard working and worthy city home owners and farm owners are being foreclosed in these hard, stringent and depressed times when their real estate is being bought in at foreclosure sales, in many instances, at unconscionably low prices by mortgage holders and lien holders who are securing deficiency judgments for the unpaid balance of the mortgage or lien held against these property holders, thereby harassing and embarrassing honest, worthy people by hanging unwarranted

judgments over their heads and further depressing their spirits when calamity overtook them through no fault of their own, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read in each House on three several days be suspended, and said rule is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

POAGE.

Amendment No. 1.

Amend H. B. No. 150 by striking out all before the enacting clause and by inserting in lieu thereof the following:

Amendment No. 2.

Amend Poage amendment to H. B. No. 150 by adding after Section 1 thereof a new section to be known as Section 2 and to read as follows:

ment in violation of this Act illegal and unenforceable, and prohibiting the recovery of any compensation for service rendered in violation of this Act and making all persons, firms, corporations, and associations of persons violating this Act liable for loss, damage or injury to any person, firm or corporation or association of persons without showing that said loss was due to negligence; and declaring an emergency.

construed to prohibit any person, firm, association or corporation, out of court, from attending to and caring for his or its own business, claims or demands, or the claims, demands or traffic business of the individual members of said corporations or associations; nor from preparing abstracts of title, certifying, guaranteeing or insuring titles to property, real or personal, or an interest therein, or a lien or encumbrance thereon, nor shall anything in this section be construed as prohibiting any bank or trust company without resorting to court action from acting for its customer in enforcing, securing, settling or adjusting any item mentioned in subdivision (e) above, nor shall anything in this section prohibit any person or association of persons from pursuing as a vocation the business of adjusting insurance or freight rate claims; provided that subdivision (e) hereof shall not prohibit any individual, company, corporation or association, owning, operating, managing or controlling any collecting agency, commercial agency, or commercial reporting credit agency within this State, subject to an occupation tax under Article 7061, Chapter 2, Title 122, Revised Civil Statutes, 1925, of Texas, from furnishing reports and collecting, securing, settling, adjusting or compromising, out of court, defaulted, controverted or disputed accounts or claims growing out of contractual relations, provided that said individual, company, corporation or association complies with the above statute; and provided further that nothing in this Act shall be construed as prohibiting real estate agents from collecting rents for their employers.

Sec. 3. It shall be unlawful for any corporation to practice law as defined by this Act or to appear as an attorney for any person other than itself in any court in this State, or before any judicial body or any board or commission of the State of Texas; or hold itself out to the public or advertise as being entitled to practice law; and no corporation shall prepare corporate charters or amendments thereto, or other legal documents not relating to its authorized business, or draw wills; or hold itself out in any manner directly or indirectly as being

entitled to do any of the foregoing acts; provided, that the foregoing shall not prevent a corporation, person, or association of persons from employing an attorney or other agent or representative in regard to its own affairs in any hearing or investigation before any administrative official or body.

Provided, further, that the above provisions of this Act shall not be construed to prohibit a person or corporation acting in a fiduciary capacity from transacting the necessary clerical business incidental to the routine or usual administration of estates, trusts, guardianships, or other similar fiduciary capacities, or filing accounts, preparing and filing tax returns of every nature, and other such administrative acts, nor from participating through his or its own agent or attorney, in cooperation with testator's attorney, in the preparation of testator's will, where no compensation is charged for such service and no compensation whatever is charged or received, other than the usual commission allowed by the court for administering the estate or trust, or provided for by the instrument creating the trust or other fiduciary relationship.

And provided, further, that nothing herein shall prohibit any insurance company from causing to be defended, or prosecuted, or from offering to cause to be defended, through lawyers of its own selection, the insureds or assureds in policies issued or to be issued by it, in accordance with the terms of such policies; and shall not prohibit one such licensed attorney at law from acting for several common carriers or other corporations and associations or any of its subsidiaries pursuant to arrangement between said corporations or associations.

Sec. 4. It shall be unlawful for any attorney at law to share any fee or fees earned or received by him for legal services with any person or firm, not a licensed attorney, or attorneys, or with any association or corporation.

Sec. 5. The county attorney of any county in Texas shall on his own initiative or upon the application of any Bar Association in the State of Texas bring such action in the name of the State of Texas in the proper court to enjoin any such person, corporation, or association of persons

from violating any of the provisions of this Act, and it shall be the duty of the county attorneys of this State to file complaints in the proper courts against any person, corporation, or association of persons upon the receipt of information of the violation of any of the provisions of this act.

Sec. 6. Any person, firm, corporation, or association of persons violating any of the provisions of this Act shall be guilty of a misdemeanor. If any provision of this Act is violated by any person individually or by any person or persons representing a corporation, or association, or by a corporation, the defendant or defendants upon conviction shall be punished by a fine of not more than five hundred dollars nor less than one hundred dollars.

Sec. 7. Any agreement by any person, corporation, or association in violation of this Act shall be illegal and such person, corporation, or association shall not be able to recover for any services rendered in violation of this Act, either on the contract or a quasi-contractual obligation. If any person, corporation, or association of persons shall, by any act or omission in violation of

this Act, cause any loss, damage, or injury to any person, corporation or association of persons, such person, corporation, or association of persons shall be liable in actual damages therefor to any person, corporation, or association of persons who sustained any such loss, damage or injury; and such liability shall be absolute and not dependent upon any question or showing of want of skill, care or diligence.

Sec. 8. All laws and parts of laws inconsistent herewith are hereby repealed, and in case any section, subdivision, paragraph, or sentence of this Act is declared unconstitutional the validity of the rest of this Act shall not be affected thereby.

Sec. 9. The fact that there is no specific law in Texas defining the meaning of practicing law and prohibiting corporations and associations from practicing law in Texas creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and the same is hereby suspended, and this Act shall be in force and take effect from and after its passage, and it is so enacted.

BOARD OF COUNTY AND DISTRICT ROAD INDEBTEDNESS.

The County and Road District Highway Fund, as provided for in Chapter 13, General Laws of the Third Called Session of the Forty-second Legislature, is hereby appropriated for the two-year period ending August 31, 1935, for the purpose of carrying out the provisions of said Chapter, which relates to the assumption by the State of certain outstanding road bonds; and pursuant to paragraph (k) of Section 7 of said Chapter, there is hereby appropriated \$25,000.00 for each of the fiscal years ending August 31, 1934, and August 31, 1935, respectively, for the purpose of paying salaries and all other necessary expenses of the State Board of County and District Road Indebtedness; provided salaries paid shall not exceed the following amounts per month: Chief Accountant, \$250.00; Auditors, \$200.00; Bookkeepers and/or Bond Clerks, \$110.00. Two Bond Clerks, to be paid out of this appropriation, shall be assigned to assist the State Treasurer in the performance of his duties in connection with the administration of the law relating to payment of said road bonds.

Any balances remaining in said fund at the end of any fiscal year, together with the annual receipts of said fund, are hereby appropriated for the payment of the amounts specified in the foregoing paragraph and also for the payment and/or partial payment of the interest and the principal indebtedness, legally eligible, of said Road Bonded Indebtedness, in accordance with and as authorized by law to be paid out of said fund.

GENERAL PROVISIONS

All annual salaries shall be paid in twelve equal monthly installments unless otherwise provided herein. Provided that any State employees receiving traveling expenses out of any appropriations made herein for traveling expenses, who shall file and collect witness fee and mileage claims in connection with their appearance as witnesses in any of the Courts in this State, shall re-imburse and refund to the General Revenue Fund of this State for such expenditures so made from these appropriations to the extent or total of the respective amounts collected under such witness fee and mileage claims.

The appropriations herein provided are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditures shall be made, nor shall any obligations be incurred, which, added to the actual expenditures, will exceed the amounts herein appropriated for any of the purposes named. Provided that the appropriations made herein for departmental maintenance and miscellaneous items for the departments of the State Government may be used as a contingent fund for departmental maintenance and miscellaneous items, except, however, that this provision shall not apply to any item where its expenditure is specially governed by the Statutes, and that no salaries or wages shall be paid out of any amounts transferred from other items to a contingent expense item.

The amounts appropriated in this Act are intended to cover and shall cover the entire cost of the respective items, the same shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation is made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation is made; and no portion of the appropriation for one position shall be paid to any person holding any position other than that for which such appropriations are made.

Provided that no salary shall be increased above the amount herein specified except as may be otherwise provided. Provided, further, that if any new positions shall be created from any fund, the same shall have the written approval of the Board of Control and the Governor, both as to the creation of any new position and the amount of the salary to be

paid therefor; and the State Comptroller shall issue no warrant for any such services until such written approval has been filed in his office. Provided, that the respective amounts appropriated herein for traveling expenses of the several departments shall be the respective total amounts available for such purposes.

Provided, that the head of each Department shall keep a record of the absences of the various employees, the reasons therefor, whether from sickness, vacation or on leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said department.

Provided, further, that it shall be the duty of the head of any Department to transfer any employee of his office to any desk or place within his Department when necessary to perform the duties of the Department and for proper dispatch of business.

Provided, however, that the head of any Department of State Government, or any Board or Commission of State Government may use part time employees to fill any position provided for in this Act at a salary not to exceed more than one-half the amount appropriated for such position for half-time work.

Department employees herein provided for shall, without deduction in salary, be entitled to receive not exceeding twelve days vacation, exclusive of Sundays and legal holidays, on which State offices are closed, for each State fiscal year, such vacation period to be mutually agreed upon by the head of each Department with his employees; provided that employees belonging to the Texas National Guard may have their vacation at the time of the meeting of the annual encampment.

Provided, further, that no employee for whom a salary is herein appropriated, shall receive compensation while on vacation unless he or she has been an employee of the particular department of which request is made for not less than six calendar months.

Provided, that all Departments shall be allowed to close at 4:00 o'clock P. M. on Saturdays; and provided further that the head of any Department shall be authorized to excuse a part of the employees of such Department at noon on Saturdays, and that such Saturday afternoons shall not be construed to be a part of the twelve days vacation provided for above.

The State Comptroller shall not pay, and no State officer or employee of any of the departments or other agencies of the government shall include in his traveling expense account, any amounts for meals and/or lodging incurred within the city or town where officer or such employee is stationed. Such employees as are stationed away from their main office or headquarters who are not allowed traveling expenses where so stationed, shall be allowed such expenses when called to their main office and except the subsistence legally allowed the rangers.

No traveling expenses shall be incurred by any State official or employee of any of the departments, or other agencies of the government, outside of the boundaries of the State of Texas, and no such expenses shall be paid from State appropriations or out of any local or auxiliary funds by the State Comptroller and/or other disbursing officer or employee of any agency of the government, until and unless a written statement signed by the State Comptroller and the State Board of Control authorizing in advance said trips to be made shall first have been filed with the State Comptroller and a signed duplicate thereof filed with the disbursing officer of such respective agency of the government. This provision shall not apply to trips to Washington, D. C., made by the Attorney General's Department, whose business before the United States Supreme Court and certain Federal Commissions is mandatory.

It is the intention of the Legislature hereby not to require advance permission of legally authorized out-of-the-State trips of peace officers in the extradition and return of fugitives from justice and escaped prisoners except as is already provided by law.

Traveling expense accounts shall not be approved for payment or paid out of any funds by the proper officials of any of the departments, and other agencies of the government, or the State Comptroller, for amounts

exceeding the following maximums: two dollars per night for a room; a total of one dollar and sixty cents per day for three meals, or one dollar and thirty cents per day for any two meals, or seventy cents per day for any one meal; twenty-five cents for each bus or cab fare in intra-city transportation; and four cents per mile when traveling in a privately owned automobile, the exact amount to be fixed as hereinafter provided. Said mileage allowance shall apply to all officials and employees uniformly, and the amount shall be fixed at the beginning of each four months of the biennium at not exceeding the above mentioned rate by the State Comptroller and State Board of Control after they shall have taken into consideration the then prevailing prices of gasoline, oil and other automobile costs. Provided, this provision shall not apply to members of Boards and Commissions who do not receive an annual or monthly salary from the State. Provided further, that all officers and employees of the State government who are traveling at the expense of the State shall make an itemized statement and furnish receipts of all expenses incurred before payment is authorized therefor.

The following rules shall be observed by all State officers and employees in rendering their expense accounts before any expense account shall be paid from appropriations herein made for "Traveling expenses":

1. There must be a concise statement of the duties performed and the points from which the employee travels, the hour of arrival and departure from the designated post of duty and all other towns visited and the object of such visit and of the specific expenses incurred.

2. The name of hotel, restaurant, boarding or rooming house at which meals and lodging are procured shall be given in every case.

3. Fees, as tips to waiters on dining cars, or at hotels or restaurants shall not be approved.

4. The use of railroad scrip books and other forms of transportation provided at the expense of the State for the heads of all State departments, except the Adjutant General's Department and institutions and their employees, except passes authorized by law, are hereby prohibited, and hereafter all railroad and other transportation shall be paid in cash and properly listed in expense accounts rendered. Tax exemption certificates shall be used in all cases where the State is exempt from the payment of Government tax under Federal provision. The State Comptroller shall be governed accordingly in the issuance of warrants covering payment for railroad scrip books and other forms of transportation.

Provided that a report shall be made annually by each of said departments or agencies and filed before October the first after the close of the fiscal year, with the Comptroller, and a copy thereof filed with the State Board of Control, giving an itemized statement of all moneys paid out and showing what particular appropriation or fund said money was taken from; including an itemized statement of all purchases or contracts which have been made and remain unpaid at the close of the fiscal year, together with a statement showing the full amount of money taken in from all sources during the year. Said report shall show what disposition was made of such fund or funds, and if any surplus remains on hand at the end of any fiscal year it shall be stated in said report. Said report also shall list the amount expended from regular appropriations or any other funds, for traveling expenses by each employee or any other person connected with such department or traveling under its direction, including the hire of automobiles privately owned by such employee, together with the rate of payment for the use of such privately owned automobile; the amounts expended for the purchase of automobiles, and all expenses for gasoline, oil, repairs, parts and supplies for all automobiles owned by such departments or agencies; and the total amount expended by such department or agency for all traveling expenses. Provided, further, that such reports shall be filed quarterly if the Board of Control hereafter determines that necessity exists for more frequent filing of such reports.

Provided, that no Department included in this Act shall use any of the means or funds appropriated to such Department, either directly or indirectly, for the purpose of sending out literature, propaganda, letters or

bulletins, or any other matter, printed or written or that will influence, or tend to influence in any way the election of any candidate for office or the passage or repeal of any law or appropriation affecting any Department included in this bill; and provided, further, that no stenographer or clerk whose salary is paid from public funds or who is employed in any way in any department included in this Act, shall in any way, be used or employed in preparation of or mailing out of, or in any way handling such literature, propaganda, letters or bulletins, or any other matter, printed or written that will influence, or tend to influence, in any way the election of any candidate for office or the passage or repeal of any law or appropriation affecting any department included in this Act, and no such work shall be done or performed in any of the offices or rooms of the Capitol or other State buildings, nor shall any long distance telephone calls or telegrams be paid out of this fund.

Provided, that of the money appropriated herein for stamps none shall be spent except on vouchers made payable to a United States Postoffice, so long as State is on a cash basis and shall be endorsed by such Postmaster.

All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by the Board, except certain printing provided by law to be done by several of the State agencies. No part of the herein appropriated amounts shall be used for the purchase of embossed or engraved printing and stationery except for the Governor's Office.

Sec. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support and maintenance of the State Government for the two year period beginning September 1st, 1933, and ending August 31, 1935, and in the interest of good public policy should be passed as speedily as possible, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.
